## **How it works**

Ms Sparks and Intensive Study participants will meet prior to the start of the program to discuss specific goals and design a personalized practice program. Students will commit to a practice regimen based on these goals. Technique classes will be designed so that each student will be able to participate on an appropriate level. A syllabus will be available for technique classes for preparation in advance. Students will gain the most out of the classes if the technique class exercises are memorized.

**Please note** All summer class offerings and the Summer Flute Orchestra are open to Intensive Study participants at no additional charge.
